Hartnell Welcomes Visiting Seniors Today

PANTHER SENTINEL

Volume XXIII Salinas, California, Friday, May 7, 1954 Number 18

Visiting Seniors At Hartnell

Four Salinas high school seniors enjoy lunch at the Hartnell College open house, held yesterday. Left to right are Matt Alvarado, Shirley Hennigan, Sally Beazell and Joan Benoit. Visiting Salinas high school seniors received a complete tour of the Hartnell academic plant.

Air Force Speakers To Visit Hartnell

The United States Air Force has announced that it has the answer to the old question many young men ask themselves: "Have I got what it takes to pilot an airplane?" Until recently the only way a young man could find out was to join one of the armed services and then attempt to qualify. Now, the air force has a plan wherein a man who is interested may apply for testing and be allowed to take all of the tests (so long as he is successful in each one) and still not be under any obligation to serve in the air force flying program. If he is successful in all of his tests he then receives an invitation to enter the program. If he so desires he then enters the air force for specialized training.

An aviation cadet selection detachment will be at Hartnell on May 11 for the purpose of interviewing and testing any interested young man between the ages of 19 and 26 who is a male citizen of the United States and possesses high mental and moral qualifications.

Capt. David Hornbuckle, Jr., U.S.A.F., will be in charge of the team visit. Captain Hornbuckle is a rated pilot in the air force and will be able to answer any questions regarding the flying training program. Other members of the team will be Lieut. Robert Cabaniss, U.S.A.F., who is also a rated pilot of jet aircraft, and has just rturned from a combat tour in Korea; T/Sgt. Thomas Thompson and T/Sgt. George Plannery.

Typing Class Takes Exam

Twenty-six students enrolled in Mrs. Ann Harper's advanced shorthand and typing classes participated in a Federal Civil Service Examination given to stenographers and typists.

The branch office of the U.S. Civil Service Commission sent a representative to Hartnell College to administer the three-hour examination. Usually the test is taken at the Fort Ord district office of the U.S. Civil Service Commission.

Hartnell students who pass all three parts of the examination, typing, shorthand, and written test based on general aptitude, will have their names placed on eligibility lists according to their grades. As vacancies occur in this Civil Service area, such as possible positions at Fort Ord; navy school at Monterey; Presidio or Language School at Monterey; and other Federal offices in this area, names will be selected from the Civil Service lists for job assignments.

Mrs. Harper pointed out that in the past several Hartnell students have received positions through the civil service test.

Hartnell students participating in the recent examination include: Nancy Conner, Eulalia Gonzales, Suzanne Gonzales, Claire Lucich, Christiana MacDonald, Marilyn McCollum, Madeline Netto, Carle

(Continued on Page 2)

Hartnell Booster Club Formed

A group of Hartnell supporters, not necessarily alumni, have formed a Hartnell Booster Club. This group is interested in the college, its educational program, and the general betterment of the school.

The club plans to have monthly meetings, with boxing matches and other sports events and entertainment free to members of the club. The fee for membership is $1.00 per year.

The first meeting was held on April 29, in the Men's Gymnasium. In addition to a boxing match, Coach Ken Blue introduced Bob Bronson, head coach at San Jose State College, who was the guest speaker.

This group covers the Monterey Peninsula, Santa Cruz to the north, King City to the south and Gilroy to the northeast.

Lower Division Bulletin Board

Lower division students should keep their eye on the new bulletin board placed on the hall wall opposite room 5.

The bulletin board is reserved for the posting of information relative to the lower division students, and important notices to the students will be posted there as they arise. The board is in the charge of Mr. Henry Cassady, dean of the lower division.

Student "Y" Holds Meeting

There was a Student "Y" Fireside last Wednesday evening at the home of Jerry Smith.

Charles Palmerlee, the regional Student Council secretary from Los Angeles, was present to hear a report on the activities of this association for the regional office.

Janet Barber, a member of the board of advisors for the Student "Y" Association, was also present to hear the report.

Before the fireside began the cabinet held its meeting with "Chuck" Palmerlee and Janet Barber present to hear the reports from the various officers.

At the fireside there were approximately twenty-five students present. The discussion centered around the problems of the Student "Y" and the students here at Hartnell.

After this, there were refreshments served. After the refreshments the discussion was shifted to religion, All this broke up at about 11:30 p.m. with everyone the wiser for ideas on religion, student problems and Student "Y" problems.

Carnival Is Big Success

According to Shirley Sherman, general chairman of the Hartnell Carnival, the annual event was a booming success this year, with a total intake of $397.13.

It is estimated that about $200 of the full amount will be left as net profit after the expenses are paid, and this sum will be split up among the clubs and the Student Union Fund. Each participating club is expected to donate 75 per cent of its proceeds to the fund, and 25 per cent will be kept for the club treasury.

Miss Sherman expressed her most hearty congratulations and thanks to the various committees and their chairmen for a terrific job. Committee chairmen were: prizes, Lloyd Hagquist and Darrell Rains; tickets, Steve Knego; booth construction, Ed Walters; general advertising, Cleo Strong; posters, Steve Jones; Decorations, Helen Allen and Elinor Evans; and dance chairman was Jim Burr. Music was furnished by Dick Gularte's six-piece band.

Special thanks were offered to Mr. Charles Fitsimmons, Santa Cruz Boardwalk concessionaire, who sold Hartnell the prizes at cost to him, and to the Peppermint Stick Ice Cream Shop, who donated the ice cream for the A.G.S. booth.

Gonzales And Liveoak Seniors Tour College

Visiting Hartnell today are seniors from Live Oak and Gonzales high schools. The seniors will be welcomed in the Little Theater and entertained by the Madrigal Singers and introduced to the deans of the various divisions.

At 10:30, the group meetings will be held with the deans. Lower division will be in the Little Theater with Mr. Robinson and Mr. Cassady. The occupational division will meet with Mr. Bullis in Room 35, agriculture and mechanics with Mr. Hickenlooper in Room 7, and the general college division will meet with Mr. Gammons in Room 25. The morning will be finished with tour of the campus and the classes.

Lunch will be served in the Inner Quad, or in case of bad weather, in the Men's Gym. There will be a band concert, an intramural softball game, and a performance by the Hartnell Tumblers.

At 1 o'clock student body greetings will be given by Dick Eppley. After a visit to the A. and M., the seniors will meet their buses at 2:45.

New Election Plans Are Set

The Student Commission has formally set the student body election for the 1954-55 commission for Monday, May 17, and Tuesday, May 18.

Nominating petitions may be obtained from Dean of Men, Mr. McCallum. Deadline for the petitions will be Wednesday, May 12.

Offices open are: student body president, vice-president, secretary, sophomore representative, commissioner of rallies and assemblies, head yell leader, and commissioner of social activities.

AGS Plans Spring Trip

At the May 3 meeting of the Alpha Gamma Sigma honor society the attending members voted to take a group excursion to San Francisco on May 19 to attend the matinee performance of the stage play, "Brigadoon."

The club has made arrangements to be excused from classes on the date chosen, and a committee was appointed to make arrangements for transportation for members wishing to take the trip.

The excursion this year is in accordance with the annual tradition of having the interested A.G.S. members take some interesting and cultural trip during the spring semester.

Club President Charles Collins has stated that any A.G.S. members who were unable to attend the meeting should sign up for the trip on the list posted on the bulletin board if they wish to attend the play.

1954-55 Budget Is Approved

The 1954-55 estimated incomes and budgets for Hartnell college were approved on April 5, 1954. The estimated income of the school with the subsidy from the district total $22,812.50. The budgets distribute the money through all the schools with the largest appropriation going to football, $6,480.50. The football games are estimated to make incomes of $9,000 in the coming year.

The current appropriations for the 1953-54 year were $21,840.00. The largest appropriation for this year was again football, with $4,885.00. The football games were estimated to bring in $8,725.00 this year.

One of the budget cuts was in the appropriation for the Panther Sentinel, which was reduced from $2,600.00 to $1,891.00. Even with several cuts, the total budget still is larger than the current one.

Students Asked To Eat Outside

Students have been requested not to eat their lunches in the buildings or classrooms since they have been leaving their crumbs and refuse to attract ants and generally make a mess. All students are asked to eat their lunches outside when the weather permits, or if it is necessary to eat inside that they clean up all evidence of their lunch before leaving the room in which it was eaten.

The student lounge offers an ideal place to eat lunches when it is necessary to eat indoors. All students are asked to cooperate with this request.

DID YOU KNOW . . .

By RICK OLIVER

. . . that the Alumni booth at the Carnival again made more money than any other. Shows what you can do with a little effort.

. . . that the Spring Prom is going to be held on May 29 at the San Carlos Hotel in Monterey. Real plush, eh!

. . . that the fountain, drinking, that is, is being held up with the idea of fitting it into the setting of the student union.

. . . that six members of the Student "Y," Jim Bender, Betty Jo Todd, Betty Whitworth, Sam Walters, Edward Walters, and Bob Ferris, attended the annual Regional Spring Conference of the Student Y.M.C.A. and Y.W.C.A., last week end.

. . . that it is surprising how much good can be put forth with just a pleasant "Howdy, how are you," and a smile. It makes you feel better and casts a bright light upon the one smiled upon.

. . . that a licensed vocational nurses' training program is being organized in co-operation with the Monterey County Hospital, the Salinas Memorial Hospital, and the Public Health Service. This course will be offered this next fall semester.

. . . that the Alumni is going to sponsor a Graduation Ball. This will be the first since '48.

. . . that Tony and Andy, our custodians, must be getting spring fever. They have been giving our pretty office secretaries flowers quite regularly. Nice gesture!

. . . that the Open House Day, as you may obviously have noticed, has been cancelled this year due to complications. But plans for the coming year are in full swing of preparation.

. . . that the men's dormitory is going to be remodeled into a clinical nurses' laboratory, and will be equipped with the necessary medical essentials. This equipment is being furnished by both the Monterey County Hospital and the Salinas Memorial Hospital. The college will supply the instructor.

. . . that Hartnell photographer, Tom Freeman, had two photos published in the Salinas Californian last week.

Should Commission Receive Awards?

Student Body members are urged to give their suggestions for the commission awards. The proposed awards would be given to the commission members in recognition of the work they have done throughout the year. All student body members should make their suggestions to the commission by placing their ideas in the suggestion box.

Esther Williams is in charge of the committee for the awards.

The Vet's Views

By WHITWORTH

In this column we have interviewed our most recently discharged vet, Nicholas J. Herman.

Spending two years in the Army this vet was one of the lucky ones that never got to do any overseas duty — except Texas.

Nicholas was discharged from the Army on March 17, and was married March 21 to Loiusa-May Markum.

Nicholas is now attending Hartnell to make up high school credits, three semesters, then plans to attend Rutgers University in New Jersey. It will take him three years of college at Rutgers to become a Pharmacist, the occupation that he really wants.

The main reason we interviewed Nicholas was to find out what an average vet thinks and feels toward Hartnell College. He considers Hartnell valuable to him because here there isn't such a strain on the purse strings, it is close to his temporary home, and easy to make up these high school credits that he needs to complete his education.

Our vet believes that the students here take this college and their classes seriously. He especially likes the instructors because they don't just get up and talk, they give you a chance to say your piece.

This is one vet. What do you other vets think? Are you taking all this seriously or are you here just to collect that training allowance and do as little work as possible to get it.

This column hasn't gotten a very large response from you men, do you read it? If so, what are your opinions, your criticisms, your interests. Do let me know.

Water Fountain

An article appeared in the Panther Sentinel last June 5th describing the new bronze drinking fountain to be installed beside the barb-que pit near the art room. The article stated that the fountain donated by the Class of '50 as a memorial to the war dead of World War II would be completed soon.

At present, there are only several boards covering a hole dug by some workman at the chosen site. That is certainly a magnificient hole, but it hardly suffices for a bronze drinking fountain. The boards covering the hole aren't even attractive. If anything, the dad-blamed thing is an eyesore, not an improvement to the beloved campus.

Mr. Lemos states that the delay is caused by the change in plans for the student union location. The original plan was for the construction to begin directly in back of the college, but the plot of ground on the north of the campus is now being considered.

Typing Class . . .

Yaguchi, Betty Houston, Katherine Kerr, Sylvia Lanini, Claire Martelle, Anita Avina, Betty J. Briggs, Helen Giorvas, Rosalie Goetz, Betty Maneely, Anita Martindale, Hazel Nelson, Shirley Smiley, Sallie Waterman, Diane Vanderpool, Anne Bullmer, Rena Noghera, Dolores Sanchez and Joseph Amaral.

Home EC Class Feeds Guests

Visitors to the Hartnell College open house, this week, were surprised to find two of the better "home economic" students are Hartnell football players. Mr. and Mrs. R. L. Klauer of 570 Rochex Street are being served by Gary Schneickert while his home economics and footbpall partner, Dick Lello, watches. Both Schneickert and Lello are enrolled in the Hartnell cooking class. (P.S.: According to Mr. and Mrs. Klauer, "The boys did a marvelous job with their baking assignment.")

— Photo by Tom Freeman

Student Has Money Stolen

It has been reported from reliable sources that we have a thief in our midst. It is evidently a member of the male sex, because the suspected crook is operating in the men's gym.

It has been reported that George Martines had four dollars stolen from his wallet while he was showering in the local bathhouse. He had opened his locker to obtain his towel and then trustingly left it open while bathing.

"The proper authorities have been contacted and are now working on the case," states Martines. Anyone having pertinent information regarding this recent crime please contact the authorities.

Design Class Makes Jewelry

The advance design class of the Art department, under the direction of Tom Silliman, student teacher, are working with copper wire at the present time. This class is designing modern type jewelry of tiny copper wire that will be made into silver later.

Two of the art department students that are working on this project are Honorio Della and Alan Miller.

Later in the semester, work will be done in three dimensional pieces of silver and solid pieces of silver. Pieces being made will be cuff links, pendants, and earings.

belong to a great flying team?

1/Lt. Robert Cabaniss and Aviation Cadet Selection Team 101 are coming to Hartnell to show you how. They'll be here May 11. Meet them at the men's lounge during their stay.

Freedom Of Speech At Hartnell

By THOMAS R. ALDERSON, JR.

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for redress of grievances. — Article I of the Amendments.

A news release from Redbook magazine, published in New York, has been received by the Journalism department. The content of this news release states that the students in college are afraid to speak their own mind; afraid to express an opinion that differs from the "crowd." The first paragraph of this release reads: "Our colleges are being invaded by an atmosphere of fear and suppression created by irresponsible investigators, hysterical community leaders and other self-appointed 'thought police' who have succeeded in intimidating both our students and faculties."

INSTRUCTORS SPEAK

Dr. B. L. Borough, of the Department of American History and Political Science, after being questioned about this situation at Hartnell he said: "In my classes every opportunity is given for a pro and con discussion of controversial subjects. There is no attempt at indoctrination or intimidation, and the major ideolgies of the day are discussed as dispassionately as possible. It is an accepted axiom that 'the chair yields upon any reasonable request."

Dr. Victor Kaupas, Professor of History, Philosophy, and Political Science said: "Communism and all kinds or radicalism are being discussed freely, and the more we discuss them, the more we become aware of their absurdity." Mr. Johnson, instructor in Political Science said: "In my opinion the students at Hartnell, at least in my classes, feel free to express various and conflicting points of views on political issues, candidates, and office holders.

The opinions thus far presented seem to prove that a healthy democratic attitude exists here at Hartnell. Is this so on other campuses? For the answer to that question. I wish to make reference to a news release issued by the Associated Collegiate Press Feature Service, the Parade of Opinion, October 2, 1953. This news release had a poll taken by Purdue University of the high school age group . . . the results are startling.

PURDUE POLL SAYS

Fifty-eight per cent of the high school students polled think police are justified in giving a man the third degree to make him talk.

Only forty-five per cent thought that newspapers should be permitted to print the news freely except for military secrets.

Thirty-three per cent said that persons who refuse to testify against themselves should either be made to talk or to be severly punished.

Twenty-five per cent would prohibit the right of people to assemble peacefully.

Twenty-six per cent believe that police should be allowed to search a person or his home without a warrant. Think those over carefully.

MR. LEMOS STATES

"There has never been any infringment upon the freedom of speech here at Hartnell because the people around here are noted for using good common "horse sense" in all of their activities and for that reason the problem of freedom of speech or the infringment thereon has never arisen."

Mr. McCallum, Dean of students, has this to say: "here at Hartnell college, no pressure is put on the students to prevent them from expressing their own opinions at any time, when in class discussion, or discussions with faculty members." Mr. McCallum also said "as evidents of freedom of speech at Hartnell, we might cite the student opinions as expressed in the Panther Sentinel, and the willingness of Hartnell college president John B. Lemos to speak with a student at any time."

CLASS DEBATE SAYS

The ten o'clock current events class of Dr. Kaupas discussed the subject of freedom of speech at Hartnell very thoroughly. Even while in discussion the class seemed unafraid to say anything that occured to them. The class arrived at the decision that the students here are not afraid to talk, although there are a minority that are too shy to speak their mind in public, and there are even a fewer number that do not pay close enough attention to care to express their opinion.

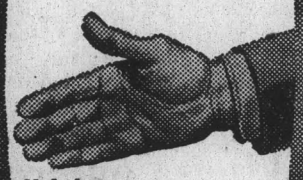

MR. J. R. INGRAM GIVES ADVICE

Time was . . . when the courage to be yourself and to stand up for your rights was admired as the topmost virtue. Nowadays, standing up on your own feet is too often labled by a new phrase, by some weak people. It's called "sticking your neck out." There seems to be a great fear of protruding or of not fitting in and being different than the rest of "the mob." Communists and other unhappy creatures who oppose our way of life shriek with joy at any evidence of the creeping uniformity among us. They love to ridicule all originality and independence of thought. Be yourself. Never be afraid to do something different. America has grown great and strong because of men who had the moral courage to stand up for their rights. Whether you're a student, farmer, a salesman or a businessman don't accept a thing just because other people accept it. Let's get personal courage back up on the admired pedestal where it belongs. Let's stop fearing our shadows and following the flock. Let's be ourselves again. Remember the turtle. He never makes any progress until he "sticks his neck out."

How'd you like to MEET . . .

Cabaniss 1/Lt. Robert

He's here, on campus now— to show you how to . . .

earn over $5000 a year . . .

become an officer in the air force . . .

get a head start in jet aviation . . .

be a part of a great flying team . . .

as an *Aviation Cadet.* See him while you can.

1/Lt. Robert Cabaniss and Aviation Cadet Selection Team 101 will be at the men's lounge, May 11. He will be available from 8:45 to 2:15 to those desiring further information on career opportunities in the Air Force.

AVIATION CADET
Aviation Cadet Selection Detachment 101 - Parks AIR Force Base, Calif.

Girl Scouts Needs Workers

Women students have been given the opportunity to participate in the Girl Scout summer program this year. Counsellors are needed at Camp Loma, the Girl Scout summer camp, 18 miles from Watsonville in the Santa Cruz mountains. There will be two two-week sessions.

Counsellors will have training in Monterey on July 1 and 2, and on the site training from July 6 to 11. The sessions are from July 11 to 24, and July 26 to August 8. The counsellors will receive room and board and $17 per session.

Any interested women students over 18 may apply at the Girl Scout office, or send for an application blank to this address:

Monterey Peninsula Girl Scout Council, Inc., 404 Camino El Estero, Monterey, California.

Tom: "Well, now my father has another wife to support."

Tim: "Bigamy?"

Tom: "No. I just got married."

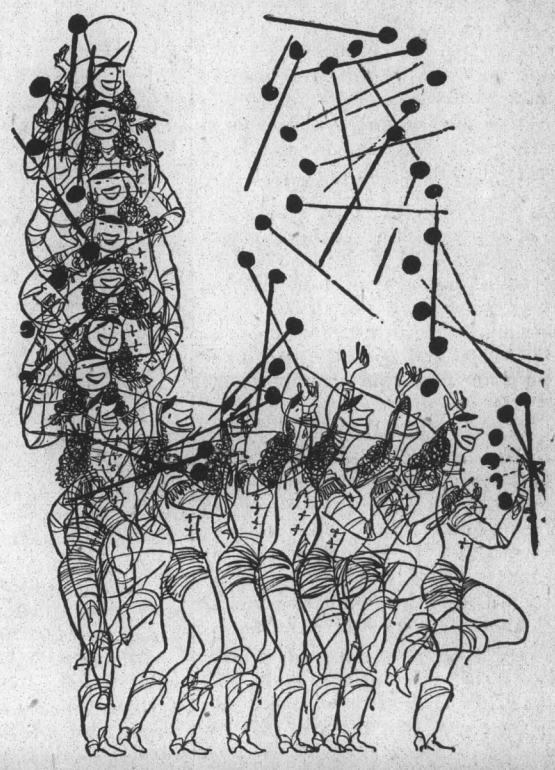

Bus Drivers' Dinner Held

The second monthly meeting of the student bus drivers was held in the Hartnell student lounge last month. Present at the meeting were all bus drivers, Transportation Head Don Drew, and California State Highway Patrolman A. Alleger.

The menu for the dinner consisted of chicken-fried steak, pudding, and coffee. The meal was enjoyed by all attending, it is reported.

After the meal Mr. Drew introduced Alleger, who spoke to the group on bus safety, good driving habits, and the vehicle code. Patrolman Alleger also complimented the group on their fine safety record for the past year.

Hartnell Nine Dump Menlo Twice, Travel To Concord

* * * * * * * * * * * * * * * * * * * *

Wind And Wildness Help Oaks Dillard, Kolstad Allow 3 Hits

The Panther nine continued its domination over league opponents, Friday, April 30, by two-timing the Menlo Oaks, 12-7 and 7-3, much to the approval of some 200 partisan fans.

Despite early-inning uprisings by the Menlo hardballers, Hartnell soon established its superiority. A forty knot gale attributed to pitchers Hal Kolstad and Chuck Dillard's unusual wildness. This same wildness paid off for the Oaks in their run column as they scored 10 runs on three base raps, two off Kolstad, and a single hit off Dillard in the second game.

In the opening encounter, Menlo made four bases on balls, an error, a wild pitch, and a clean single with the bags bulging good for four runs in the first inning. The lead was short-lived however, as the Harts came back to score two in their half on a single by lead-off hitter Don Halterman and a long double to center by third-sacker Reno Cornaggia. In the second Panther batters Ray Shields and Dick White put bunts back to back to drive in two runs while a third tallied on an overthrow. From this point the Maroon and Gold were never headed.

Kolstad Strikes Out 21

To top off his fine performance of amassing 21 strikeouts, Kolstad smashed out a home run with the bags jammed in the fifth. A double by Dick Adams and singles by Cornaggia and Dick Herman drove the three final runs across the plate in the seventh frame.

In the abreviated second game, Dillard lefthanded another brilliant one-hiter to notch his seventh consecutive win against no losses for the season's efforts. The portsider whiffed 15 Menlo stickers, but the wildness that plauged him last year made itself evident again as he passed out 11 Annie Oaklies.

The lone hit was a clean one between 1st and 2nd and came with the bases loaded with walked Oaks in the third. Previously in the first counter three walks and a wild pitch scored the other Menlo run.

Hartnell picked up three runs in their part of the first inning when Halterman got on by an error, Dillard walked, Cornaggia singled and Morris Boutte doubled. The Panthers bunched hits by Dillard and Herman with two walks in the third to drive across three more runs. In the Hart sixth the final counter was picked up as Herman walked, catcher Eddie Dix sacrificed him to second and Halterman doubled him in.

Halterman Steals 4 Bases

Halterman, the firey keystone sacker, cavorted around the base paths like a Ty Cobb as he stole four bases. Halterman also picked up three hits in the twin-bill to take second in hitting honors after Cornaggia, who blasted out four raps for seven official times at the plate.

Eight Thinclads Still In Running

Eight Hartnell cindermen will make the trek to Santa Rosa Saturday to compete in the Northern California Junior College track and field meet.

The top four places in each event at Santa Rosa will gather with the Southern California J.C. talent at Santa Monica May 22 to establish the California State champions.

Coach Ed Adams will enter contestants in all events except the sprints, shot put, broad jump, and the relay. Bob Larson will attempt the high hurdles, the high jump and the pole vault. Larson could place in any of the three, providing he should have a good day. His best marks this year are 15.6 in the hurdles, 6 feet 3 inches over the high jump bar, and 12 feet 11 inches in the vault. Sylvester Green should place in the top four in the two-mile run. The lanky athlete has a 10:51, but he really hasn't been pushed all year. He could conceivably cut 30 seconds off his mark if necessary. Marv Anderson will find his chief competition in Reynolds of Menlo and a Modesto weight man who heaves the platter some 147 feet. **Anderson has hit 150 feet in practice throws and therefore has the potential of finishing high in the field of discus tossers. Max Dosier could surprise in the low hurdles race.** He has improved rapidly after joining the team late in the track season. Ron Martin will run the mile and Bill Mix, the half-mile. Both men placed second in their events at the conference meet. Ken Daugherty will compete in the 440 and Skip Conley will high jump.

Hart Boosters Meet

Bob Bronzan, head football coach at San Jose State, was the guest speaker of the first 1954 meeting of the Hartnell Boosters' Club at the Men's Gym Thursday, April 28.

Bronzan was introduced by Panther Grid Coach Ken Blue and spoke primarily of the fine former Hartnell football players that are now under his wing. Bronzan stated that Tony Teresa, Clive Bullian, John Perkins and Jerry Ledin were all showing up well and that he expected a lot from them this fall. He praised Bullian as "one of the finest junior college halfback transfers that I have ever seen at San Jose." Jim Brandon, he reported, had been forced to drop football in order to spend more time on his studies.

The former All-American spoke highly of Coach Blue, who was a former student at San Jose, and wished Hartnell a fine season this year. He reminded his audience that there was much pressure on the Panther coaching staff in attempting to continue its domination in J.C. football, as the chances of completing a season undefeated and untied are nearly impossible.

Football Players Box

Music was provided by Mr. Mc Cann's pep band. Three exibition boxing matches were added for entertainment. Four Panther linemen were paired up in two of the bouts. Tackles Gary Schniekert and Ron Earl slugged it out with Schniekert getting the nod on a split decision. "Chardo" Lello and Bill Williams, 185 pound guards, battled in the first match, Williams gaining the duke in this one. Lory Sanchez decisioned Lawrence Colantro to finish out the card.

Vikings Out To Upset Reglimen Harts Win Will Gain League Crown

Hartnell's fine baseball team, undefeated in six league outings, will travel to the land of the Vikings to do battle with the East Contra Costa nine. The doubleheader, which will start at 11 o'clock tomorrow, will determine the Coast Counties champs.

The Vikes boast a powerful hitting club and a competent pitching staff. This combination has fired them to within reach of the league crown with a 5 win, 1 loss record. Marin Tars have been the only team to turn back the Viking bats this season. In turn, the Tars were punished for their upset win by a 21-2 shelacking.

Coach Hugo Bochetti has All-conference chucker Bob Borghesani, the ambidexterous basketball whiz, and a quintet of pitchers to serve their offerings to the hard-hitting Panthers. Ben Camera and Max Neal are the most reliable of this group and will probably see plenty of action along with the towering Borghesani.

Bob Warfield, All-league second sacker, along with 'Borgo" are the leading hitters of the squad.

All Coach Regli needs is a split in the twin-bill to retain the conference championship.

Kolstad, Dillard To Start

He has extreme confidence in his fine right-left hand combination of Hal Kolstad and Chuck Dillard. "We just won't come back whipped," the colorful mentor vows. Bob Tomczak's vacated spot at third base has been more than adequately filled by young Reno Cornaggia. Cornaggia, regularly a pitcher, was bothered early in the season by a foot injury and had not seen action because of that reason.

Regli will probably start the following lineup: Don Halterman, 2B-.468; Dick Adams, LF-.295; Cornaggia, 3B-.467; Dillard, CF-.415; Dick Herman, RF-.333; Morris Boute, 1B-.271; Roy Shields, C-.148; Dick White, SS-.181; and Hal Kolstad, P-.160. In the second contest Dillard will throw and Don Locke, .316, will fill in at center field. Ed Dix will catch Dillard in this game.

Golden Valley Champs Next

A win for the Harts will send them up against the Golden Valley champs in the quarter-finals of the California State championship on Tuesday, May 18. At this time Yuba and Vallejo are tied for the lead. However, the one-game play off between leagues will be held on the Golden Valley representative's diamond.

Should Hartnell win this game they would face the winner of the Central and Big Seven league contest in the best of three games.

The winner here will face the champion of the four strong southern conferences for the state title May 29 and 30.

Vikings Host Netmen

The Panther tennis team is holding down second spot in conference play as a result of an early season loss to the powerful Monterey Lobos.

To date the Hartnell netmen have won two out of four scheduled contests, one victory over College of Marin, another over the Menlo Oaks, and Coach Darwin Peavy believes his crew will make a strong showing tomorrow as the conference season comes to an end.

The Varsity travels to East Contra Costa and the Concord courts to play the highly touted Vikings in their last league showing before the coast section playoffs.

Coach Peavy pointed out that the Monterey Lobos are the team to beat for the conference crown in the tourney that will be played on the Hartnell courts this month.

According to mentor Peavy the teams competing in the conference matches — watch the Panther Sentinel for the date — are the following: Menlo, College of Marin, Monterey Peninsula College, East Contra Costa, and host Hartnell.

The Panther varsity consists of: Warren Tibbs, Don Wright, Dave Ingol, Troy George and Dick Sargenti.

Vikings Conference Track Champs Panther Thinclads Take Second

Superior individual improvement and depth in events spelled defeat for the Panther thinclads as East Contra Costa won the conference crown Saturday May 1 on the Monterey Peninsula College oval.

The Vikings scored 56 points to 44½ for second place Hartnell, Menlo tallied 24, Marin 15 and Monterey trailed with 13½. East Contra Costa placed men in every event with the exception of the weights. They were extremely strong in the sprints and the broad jump where they garnered 20 points to Hartnell's 2. L. C. Joiner was the individual star of the meet, winning the sprints, the broad jump and running anchor in the winning relay team.

Larson Sets New Record

Bob Larson was Hartnell's outstanding performer setting a new conference record in the pole vault at 12 feet 8 inches and winning the high jump. Larson ran his best hurdle race this season but was literally edged by a nose by Cottier of E.C.C. Cottier made a day of it as he pulled the same stunt on Max Dosier in the 220 lows. Dosier had a three-stride margin when he hit the last hurdle. This threw him off balance and allowed Cottier to grab first.

Another upset occurred in the discus when Reynolds of Menlo threw the discus 142 feet to erase Marv Anderson's heave of 140 feet. Ted Lang took fourth place. Anderson also placed third in the pole vault. Ron Martin and Syl Green ran 2 and 3 in the mile, while Green won the two-mile handily. Bill Mix and Martin placed second and third in the grueling 880. Charlie Sartwell surprised in the 220 and fanagled third spot. Merle Clure took fourth in the low hurdles, Ken Daugherty did the same in the 440, and Skip Conley in the high jump. Daugherty and Reggie Kenyon gave a twenty-yard lead to the relay team but E.C.C.'s man overcame the handicap from Richard Avilla and Joyner easily outlegged Mix in the anchor lap.

M.P.C. Sprinter Out

The absence of Charles Collins, M.P.C. speedster, hurt the Hart causes as they had hoped for competition for Joyner from him. Don Colontro also disappointed in the broad jump; the diminutive trackman had been looking strong in the past few meets, but a game leg held his performance down Saturday. However, the real and most important reason for the loss lies in the improvement shown by the athletes of the other league colleges. Hartnell just didn't show that same improvement at Monterey.
